

Complimentary Freshwater Fishing Licence

June 19, 20, 21, 2009

Non-Tidal Angling Licence for Freshwater

Compliments of the Province of British Columbia

ANGLING RECORDING INSTRUCTIONS

IMMEDIATELY upon catching and KEEPING a steelhead, adult Chinook salmon (as defined in the Freshwater Salmon Supplement published by DFO) rainbow trout over 50 cm from Kootenay Lake or Shuswap Lake, or char over 60cm from Shuswap Lake, record in INK the water names, region and date of capture. Refer to the angling regulations for daily quotas and size limit.

CONSERVATION SURCHARGES

If you intend to keep any of the special fish listed below (regulations permitting), a Conservation Stamp must be bought in advance and affixed to this licence. These stamps are available from any angling licence vendor. The majority of these fees go to support Habitat Conservation Trust Fund fisheries projects. The stamps are valid until March 31, 2010 and are non-transferable, so please retain this licence if you intend to buy a licence for fishing after June 21, 2009. Refer to pages 6 and 7 of the free 2009-2010 Freshwater Fishing Regulations Synopsis for more information .
